

BULLPUP BLAST

August 2026

IMPORTANT INFO:

Dear Bullpup Families!

As August arrives, thoughts of "back to school" are just around the corner! I hope you've had a fantastic summer full of memorable moments and continued learning. We're getting excited for a new school year and want to help ensure a smooth transition for your child.

Approaching Back to School:

- Summer Reading Continues: Keep those reading habits strong right up until the first day! Finishing a book or two this month will keep those minds sharp.
- Routine Reboot: In the weeks leading up to school, gradually re-establish school-night routines. Earlier bedtimes and consistent wake-up times can make a big difference for that first week back.
- Familiar Faces: Talk positively about returning to school, meeting new teachers, and reuniting with friends. Remind them about all the exciting things they'll learn next year!
- All electronic communication will be done through Parent Square. Be looking for an invitation in your email to sign up so you do not miss important information from the school and teachers. Teachers are no longer allowed to communicate via other social media platforms.
- Please welcome Mrs. Nichole Peirson to our front office. She has already been a fantastic addition in the office.

Wishing you all a wonderful close to your summer. We can't wait to see our bright, growing learners back in the hallways soon, ready for a fantastic new school year!

Warmly,
Mrs. Miller
