Great Start to the 24-25 School Year!

Notes from Mrs. Miller's Desk

What an amazing start to the 24-25 school year! The first several days I loved seeing the smiles on the students as well as the teachers. Many classes are doing "getting to know you" activities as the classes are developing connections before content. I have loved reading the pennants and flowers with information about what our students love and find important!

Teachers jumped into teaching their first units today (Monday the 19th). I have been in all the classes and kids are on task, working hard and learning routines.

Our new lunch program is providing some different options than in the past and the kids are loving the choices. You can preview lunch and breakfast choices on the website under quick links.

We are in need of volunteers for PTO and for SITE Council. PTO meets on the first Wednesdays of the month about 6:40 in the library. Site Council meets on the 2nd Monday of the months of September, November, February, and April at 5:30 in the library.
