

BULLPUP BLAST

FROM MRS. MILLER'S DESK

We have accomplished so much in the last two weeks here at McLouth Elementary! Fastbridge screenings are done, students are working into great routines, and everyone is loving the new menu options for lunch. On Thursday Skeeter the Clown came for a visit and invited all to attend the circus next weekend.

Running club will be starting on September 11th and will run through October 16th on Monday and Wednesdays. Please watch for flyers coming home from Mr. Weaver.

1 HANDS ON SCIENCE

The fifth grade has been getting their hands dirty during science. They have been studying the states of matter, working to understand how matter can change from one state to another, and making measurable observations to determine the characteristics.

2 GRANDPARENT'S DAY

Unfortunately PTO is having to cancel Grandparent's Day at this time due to a family emergency with the coordinator's family. They will be looking at alternative dates/times for this event later in the year. Keep tuned in for further details.

3 UPCOMING DATES

- Sept. 2 No School
- Sept. 9 No School- Professional Development
- Sept. 9 Site Council @ 5:30 Classroom
- Library & BOE @ 7:00 Library
- Sept. 23 Picture Day
