Greetings from the Kansas Treasurer:

The K.I.D.S. program is a unique opportunity for Kansas families who want to begin saving for their child's education beyond high school but may need some assistance in making that goal a reality. Investing in a Learning Quest account is a great way to show your student that you believe in their future by taking steps today to be prepared tomorrow for the cost of their education at any traditional four year university or any community or technical college. Start saving today and tell your student that you expect great things from them.
