3/5/25

To the families of potential drivers ed students

Greeting McLouth families. Due to the challenge of finding a drivers' education instructor McLouth will not be offering a drivers education program this summer, 2025. There are still options which include registering with a nearby school as an out of district driver or enrolling in a private school. If enrolling as an out of district student, Oskaloosa, Tonganoxie and Leavenworth offer state approved programs. That doesn't guarantee students will be accepted but it is encouraged to try. If that is not an option please see the enclosed list of state approved private programs included in this mailing.

Sincerely,

Jerome Johnson

CC: Kansas Commercial (private) Driver Training schools

Together, we learn in a community that promotes academic excellence,  
respect, lifelong learning, and responsible citizenship.
